

**INCORPORATED VILLAGE OF NORTHPORT**

**MEMORANDUM ON ACCOUNTING PROCEDURES  
AND INTERNAL CONTROLS**

**2023**

To the Board of Trustees of  
the Incorporated Village of Northport:

In planning and performing our audit of the financial statements of the Incorporated Village of Northport (the "Village") as of and for the year ended February 28, 2023, in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* issued by the Comptroller General of the United States, we considered the Village's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, we do not express an opinion on the effectiveness of the Village's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

During our audit, we noted no additional matters involving the internal control structure to present for your consideration. This memorandum presents information as to the status of prior audit recommendations. This letter does not affect our report dated October 17, 2023 on the financial statements of the Village. We will review the status of these comments during our next audit engagement. Our comments and recommendations, all of which have been discussed with appropriate members of management, are intended to improve the internal control structure or result in other operating efficiencies. We will be pleased to discuss these comments in further detail at your convenience, to perform any additional studies of these matters, or to assist you in implementing the recommendations.

This communication is intended solely for the information and use of management, the Board of Trustees and others within the Village, and is not intended to be, and should not be, used by anyone other than these specified parties.

**STATUS OF PRIOR AUDIT RECOMMENDATIONS:**

In connection with the prior year audit of the financial statements of the Village, certain recommendations were reported. The following presents an overview of these matters, as well as our understanding of their current status:

1. **Year-end closing procedures (Prior Year Material Weakness)**

It was recommended that the Village develop specific procedures to help coordinate a timely and accurate closing of the books and records.
